

EDSS Project Bulletin

Jilalan Rail Depot
Builder: Integrated Construction & Development Group
Contract Period: 21
Contract value: \$798,000.00

Electrical Data & Security Services (EDSS) are pleased to announce the completion of the QR National Jilalan Rail Yard project for Integrated Construction and Development Group.

QR National's (formerly Queensland Rail) Jilalan Rail Yard is located three kilometres south of Sarina and provides maintenance and service to the trains that haul coal on the Goonyella coal supply chain. As part of QR National's significant infrastructure program to improve the Goonyella Rail System, the existing Jilalan Rail Yard was upgraded.

EDSS designed all electrical services, completed the supply & installation of a new main switchboard, distribution boards, underground reticulation works and lighting which included internal, external and emergency as well as all power throughout.

EDSS are pleased with the final results of the upgrade of QR National's Jilalan Rail Yard.
