

EDSS Project Bulletin

Lady Bowen Stage 2 - Diamantina House

Builder: JM Kelly

Contract Period: 40 Weeks

Contract value: \$440,000.00

Project Details

In 2005, the Queensland Government committed \$30 million over four years to the redevelopment of the historic Lady Bowen Complex, with restoration scheduled for completion in late 2009.

The Lady Bowen Complex was developed in three stages and was carefully designed to ensure the buildings onsite retained their heritage value. Each stage will provide a range of accommodation and support services to assist people in housing need.

Stage 2 - Diamantina House, contains 21 studio style units of accommodation, in addition to commercial office space. EDSS was selected by JM Kelly to supply all electrical, fire detection, security, power, air conditioning and communication services.
