

# EDSS Project Bulletin

Richlands Porterbilt Warehouse  
Builder: Hutchinson Builders  
Contract Period: 20 Weeks  
Contract value: \$300,000.00

## Project Details

Completing the new Porterbilt Warehouse at Richlands on time and to budget was a major milestone for EDSS.

The new building comprises a 3000 square meter warehouse and a commercial office space.

EDSS provided the complete electrical solution for the project and worked closely with Hutchinson Builders to ensure the project ran smoothly.

The specific systems installed were -

- CCTV & Access Control System
- Security system to integrate with the clients national security requirements
- Krone data & optical fibre installation
- General light and power
- 800Amp Main Switchboard

Our experience in working on commercial facilities throughout Queensland ensured that there were minimal interruptions to the program and job progress.
