

EDSS Project Bulletin

Windsor State School - New Assembly Hall
Builder: Hindmarsh Construction
Contract Period: 23 Weeks
Contract value: \$179,000.00

Project Details

The new assembly hall at Windsor State School seats 750 students.

The new facility also boasts three classrooms, a library, a computer hub with more than 50 computers, a commercial kitchen, dressing rooms and a stage.

School principal Peter Cooper said the hall would "greatly enhance learning opportunities for students. The design of the building complemented the heritage features of the school".

EDSS provided electrical, lighting, communication, fire detection and MATV installation.
